

ENCINITAS GARDEN FESTIVAL AND TOUR

There's plenty of parking space at MiraCosta College's San Elijo campus, and that's where buses will pick up festival-goers and shuttle them to the Gardeners' Marketplace at Cardiff Elementary School. From there, buses will go to a Cardiff neighborhood for a walking tour of more than 20 gardens that include vegetable gardens, fountains, art by local artists, outdoor living rooms and other attractions. At the free Marketplace, there will be vendors with unusual plants, vegetable seedlings and garden art, as well as exhibitors with information about gardening, composting and other topics.

Encinitas Garden Festival

Sponsor: The Encinitas Garden Festival
